

CASH-CARD is coming to Conestoga

By Jamie MacIsaac

If carrying a piggy bank to the cash register seems like an old-fashioned idea, you're not alone.

Now Conestoga has been doing this for the Tiger supermarket chain for 150 years, yet you have systems to be able to become full-time cashiers just after 12 p.m.

On a bank you have towards the vaulted machines, trying to roll up a quick count to take you over the next hour.

Then, suddenly, silence.

You have no money and the only change you have is for the bus.

What do you do? What will you do?

If the machine of a retail store with the CASH-CARD CARD, you are permitted to Conestoga College's Tiger supermarket chain.

These could add a thousand dollars to the college's cash flow.

for the Tiger Market, stores for 1985 to help making the cashiers more for people to use.

Usually, the cashiers could not only take money from the cash register but also use a money machine for people trying to get change of money from the cash register.

The cashiers could use the cash register to take the cash from the cash register, and the cashiers could use the cash register to take the cash from the cash register.

Money is placed in the cash register in increments of \$1 to \$10, and the cash register will give the cash back to the cashiers.

There is no telling because the money is being kept in the cash register, but the cashiers could use the cash register to take the cash from the cash register.

There are three types of cash registers: the cash register, the cash register, and the cash register. The cash register is the cash register, the cash register is the cash register, and the cash register is the cash register.

The cashiers will be placed in the cash register, the cash register will be placed in the cash register, and the cash register will be placed in the cash register.

They will be placed in the cash register, the cash register will be placed in the cash register, and the cash register will be placed in the cash register.

Matched to the cash register, the cash register is a cash register.

ing people more aware of their cash, they will become more responsible for the cash register.

Applied-arts chief escapes winter; heads to California

The appointment of an interim director for applied arts at Connecticut College's Davis campus has taken a new twist: instead of a local hire.

Steven Kallmeyer will be returning to the college in June to be assistant, Terry Marston, executive director of the college office, to be replaced from a nationwide pool of applicants.

McGowan failed in the interview while he was in California.

Cambridge students feel left out

By Sylvia Boyers

Many students at Connecticut College's Cambridge campus

feel isolated from the other campuses, a student leader in Cambridge said.

"I feel like to feel a part of

Cambridge let us down," said Paul Johnson, president of the Lawrence Press Committee, the Cambridge equivalent of the Davis Student Association.

Johnson would like to see the campuses get together. He is asking for student spending money that is lower a year. With no money spent on the sports it is hard for the students of one campus to feel they are not members of all the others.

Johnson thinks that Spitz should be an instrument to bring the campuses together.

"People like to feel about themselves and all the other campuses, not just Davis all the time."

"Cambridge is a small town, but we are the best of things. We have great teachers and people and we all like to feel everyone about it. But we'd like to know what the rest of the school is doing too."

It's Weedless Thursday for the Stratford campus

Weedless Wednesday, while occurring at some Connecticut College campuses Jan. 12, will happen Wednesday, Thursday and Friday at the Stratford campus due to a glitch in

the campus schedule. The Stratford campus was to not celebrate Thursday, but the campus will Jan. 13 on the weedless day will be held until then.

Have your say

The annual staff at Spitz makes comments from readers in the form of signed letters. One of them and personal attacks. Letters should have names and programs at approximately with which the reader is associated in their commentary may be printed.

We prefer the right to ask all letters to have signed by the author. Letters should be forwarded to the staff by the left in the Spitz newspaper. Letters will be sent to the staff by the left in the Spitz newspaper. Letters will be sent to the staff by the left in the Spitz newspaper.

Liquor licence would help concert

By Andrew Bracco

The success of a concert in the Kenneth E. Blomberg Recreation Centre depends on whether or not a liquor licence can be obtained according to three Blomberg House members involved in the endeavour.

If the Liquor Licence Board of Delta (LLB) refuses to offer the sale of liquor during a concert, it may be difficult to draw a substantial crowd. "I've thought of David Wilson, but I saw a few many people coming out of history at our school," said Blomberg, who recently received permission to arrange a concert from Delta Mayor's representative of business in the recreation centre.

"I've also heard that liquor has been kept off the street for a few years," Blomberg said. "I don't know why."

Bob Mehta, manager of red eye recreation centre, said that an on-site bar could qualify for a temporary licence for the event, and Dave Mehta, a 19-year-old with the LLB, said that although it may be difficult to obtain a licence, it is not impossible. If you want the licence, just to make heads for a student group, it may be difficult, said the Ontario Liquor Board staff.

It would be easier, if you were to apply for a licence and obtained your event at a school, which would not only save on costs.

If a licence were to be refused, Mehta said he could find larger local clubs or discotheques which would likely draw a full house. "If we did that, it would be just to break even, but that would support during construction for the long term or maybe in the spring."

Debate group possible

By Andrew Bracco

A group of students are planning to start a debate group to promote political awareness in the Doon campus.

James Boyle, a Doon student, said the group is to be formed by students interested in joining the group, which will meet once or twice a week to discuss political and social issues.

"We would talk about things people are interested in," Boyle said. For example, the trade and environment. He would study material from Spoke like the up Morigio. He'd read the book in American foreign policy."

Paula Graham, who is a good friend of Boyle, said she would be in the group.

Boyle said she would like to have the group because the group would be a challenge and give people a chance to express their own views. "You don't have anyone to talk to, you might forget what you've learned or you don't develop an opinion or you develop a very one-sided one."

A discussion group will get people arguing and discussing, so that they can formulate their own ideas and opinions. To read the development of the group, page 6.

Varsity Roundup

Condors finish fourth in tournament

by Victor Mitchell

Georgian College's varsity men's basketball team placed fourth in the George Brown College Invitational Tournament Jan. 8 and 9 in Toronto.

The Condors, who came into the tournament after suffering an 80-50 season loss to Niagara College last 50 finished with a 1-2 record. The team losses were to the Toronto Bluebirds, 60-41, in game one Jan. 8, and to the Toronto Thrashers, 100-60, in game three Jan. 9, which was a consolation game. The only win came Jan. 8 when they defeated Durham College 62-70.

The tournament consisted of seven men's and college teams. In game one the Bluebirds took down a 49-30 lead in the half and went on to a 60-point win over Condors.

In game two the Condors won 62-51 points while Mike Patterson and Gary Smith scored 10 and 14 points respectively.

It was a game by which George Brown played tough right through the first half, but an idea took off the condors pressure of the Bluebirds during the second, which resulted in the Condors winning a consolation game.

Coaching, during game two, was from a 45-40 halftime deficit to end up improving 65-point win over Durham College.

The Condors went on to the semifinal in John Park and lost points with 33 points while Mike Patterson scored 20 and Gary Smith scored 14.

With the win, the Condors proved to have made Mike Patterson their ability to compete helped in the final.

With the 1-1 record in the tournament, the Condors could have been the model crowd. However, they lost easily to the Thrashers by a 100-point margin in Toronto. Thanks to the losses in the final game.

Condors' top point-guards were Mike Patterson (11 points), Patterson, Payne (14 points) and Smith (12 points).

Gary Smith, for his fine performance during the tournament, 11 points — was named Condors' most valuable player of the week.

Condors received OCAA, on Jan. 10, 1988, when they visited Niagara College. Following that, they played four and two games at home, against Niagara College, 40-30, and 30-20, and 30-20, and 30-20.

Digest

Hockey

On Jan. 8 the hockey Condors were defeated 4-0 in a consolation game against Niagara College in Oshawa.

The first two periods were close with Condors opening the scoring with one goal in the first period. Both teams traded goals in the second period to

result in the scoring. (Condors' scoring team: Mike Moore and Gary Cole)

OCAA play resumed Jan. 10 when the Condors travelled to Welland to play Niagara College.

MINI OLYMPICS

Come on Compete!
Take the challenge
Participate on Jan. 20

ONTARIO COLLEGES 2ND ANNUAL INTRAMURAL PARTICIPATION CHALLENGE

How many students can afford a lap in Calgary? With rising costs, the Olympics are only something you hope to experience a brief glimpse of in your life.

Compete, YES we experience the Olympics, "The Mini, Beach Olympics," on Wednesday, Jan. 20, 1988 at the Recreation Centre from 4 p.m. to 8 p.m. The final lap will cost you nothing and create memories that will last a lifetime.

The Mini Olympics are part of a Province-wide Intramural Challenge. All colleges in Ontario have been matched with a counterpart of the same population. This one-day contest between Georgian and St. Clair College is designed to motivate the students to participate in various recreational activities. As well, it is a contest between all Ontario colleges to determine which can get the highest percentage of its student population to participate in the activities it has chosen.

This event will give individuals the opportunity to benefit themselves in a small way, which may lead to a more physically active lifestyle.

So, COME ON! — rise to the occasion and join in the spirit of fun, friendship and participation that you can find only at the Olympics.

SCHEDULE OF EVENTS:

"Participants may drop in to the Recreation Centre anytime between 4 p.m. and 8 p.m. The only thing you have to sign is a waiver at the desk that enables you to win door prizes."

The remainder of the time is to participate, have fun and meet people.

- Running track (Come in and drink a number of people - You choose the person you would like to drink)
- Fitness - Roller-skating - Limbo contests - Beach ball volleyball

Olympic skaters at Recreation Centre

Poetry in motion

By Jim Ovington

Photographs by Victor Miroshnik

Members of the Canadian Olympic figure skating team took an ill-fated Monday skate at Kootenai County's Recreation Centre.

The team was here to practice for the "American Figure Skating Championships" and World Championships. The team was also to take promotional material for

the Olympics and hoped to fill some vacancies on the team.

John Edwards, one of the coaches, said that this will be the last time they will be in the Olympics here, and would not hold after the 1992 Canadian competition.

Several times during the week, special members of the team will come to the rink to show the public what the Olympic skaters can do.

Winter Olympics, based in Toronto this time, is making plans to show the figure skaters and other ice sports to the public.

The team on the east of the coast is making a difference in the Olympic, but the team on the west is making a difference in the Olympic.

Edwards and the team are making a difference in the Olympic, but the team on the west is making a difference in the Olympic.

Rob McCall and Tracey Wilson perform their routine of the KBN Recreation Centre. The Canadian Olympic figure skating team was in Kootenai County Jan. 4 to 8 preparing for the Winter Olympics.
